

# Westlaw New Zealand

## Case Law Deep Dive

### Course Description

This course will provide you with effective research techniques to find case law and will demonstrate how to quickly establish the status of a case. Tips on how to refine and manage search results will be included. Learn how to get notified by email when new cases are added or the status of a case changes.

### In this session learn how to:

- Search for a case by citation or title/party name, using plain language or Cases advanced template.
- Locate cases that cite a section of legislation.
- Locate the litigation history and citing reference information (KeyCite citator).
- Create an Alert to be notified when a case status changes.
- Locate cases on a specific point of law using the Key Numbers.
- Manage search results including refining, sorting and annotating.
- Set up an alert to be notified when new cases are added to Westlaw.

### Session Duration

30 minutes (0.5 CPD credits).

### Session Delivery Method

Online via Microsoft Teams. **Note:** The Webinar session allows participants to view the trainer's computer screen. At no time does the trainer access your computer.

### Learning Materials

Online help and support materials available [here](#).

### Training Specialist

Each session will be the same and will be facilitated by one of our NZ Training Specialists.
