Westlaw Precision Australia

Precision Features

Course Description

This 30-minute session will outline the new features available in Westlaw Precision Australia and is designed to improve research efficiency.

In this session we will cover the following:

- Learn how to customise the homepage using the Get Started Bar
- Determine the relevance of a document using Search Snippets and Select Highlighting (without navigating to the full text of the document).
- Learn how to sort search results by Most Cited and Citing References.
- Identify related cases that have a pattern of being cited together using KeyCite Cited With.
- Learn how to save or hide cases using Keep List / Hide Details when reviewing results.
- Build outlines without leaving Westlaw Precision using Outline Builder.
