ProView Web App Guide for Mobile Devices
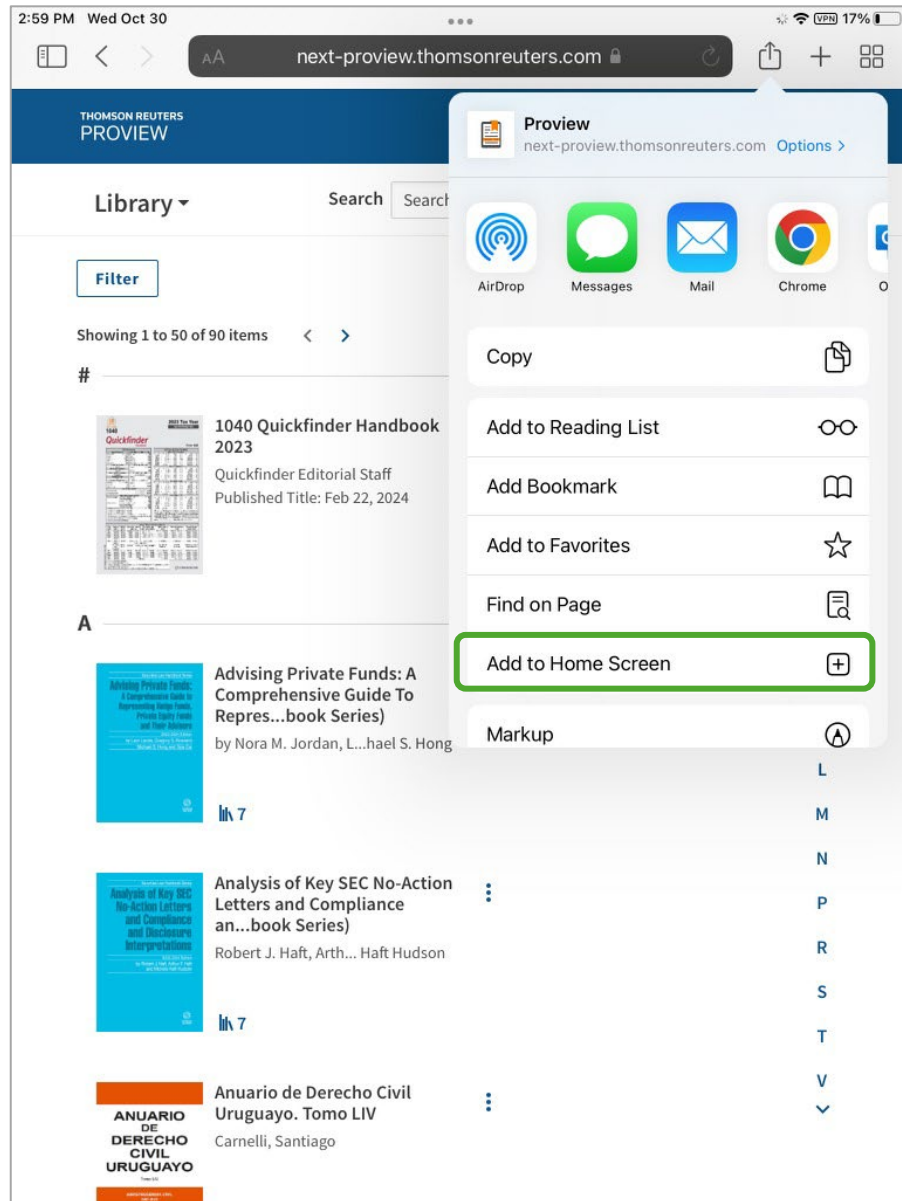

Comparison of screen layouts to make your web app transition easier
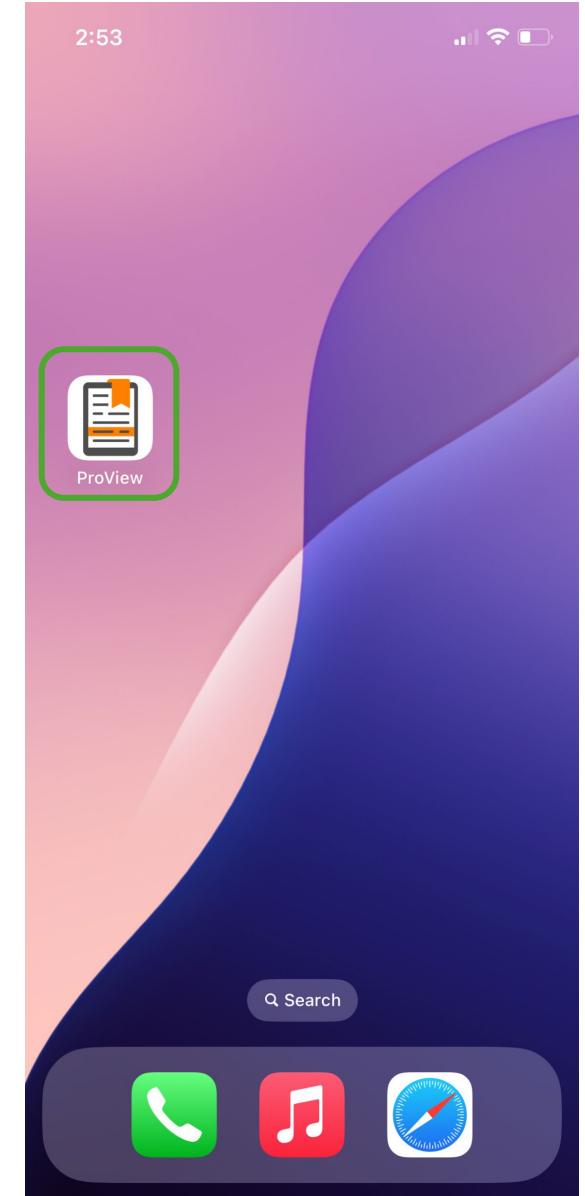

Thomson Reuters™

Quick Access Tip: Create a Shortcut

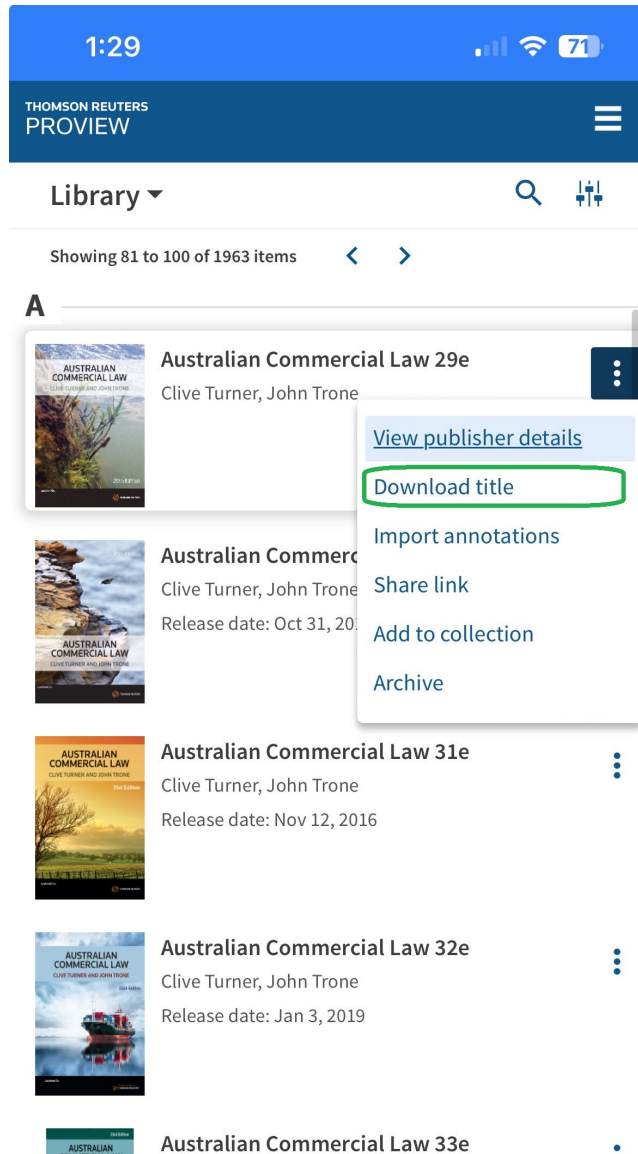

Adding ProView to Home Screen

1. Open Safari on your iOS device

2. Go to: https://next-proview.thomsonreuters.com

3. Sign into ProView web app with your existing OnePass username and password

4. From the library screen, tap the ⬆ Share button

5. From the list of options, choose "Add to Home Screen"

6. You can customize the name of the shortcut or accept the default

7. Click "Add" in the upper right corner

8. You can now use the shortcut to open ProView without having to first navigate to Safari

9. **You need to have a shortcut to use ProView offline on a mobile device**
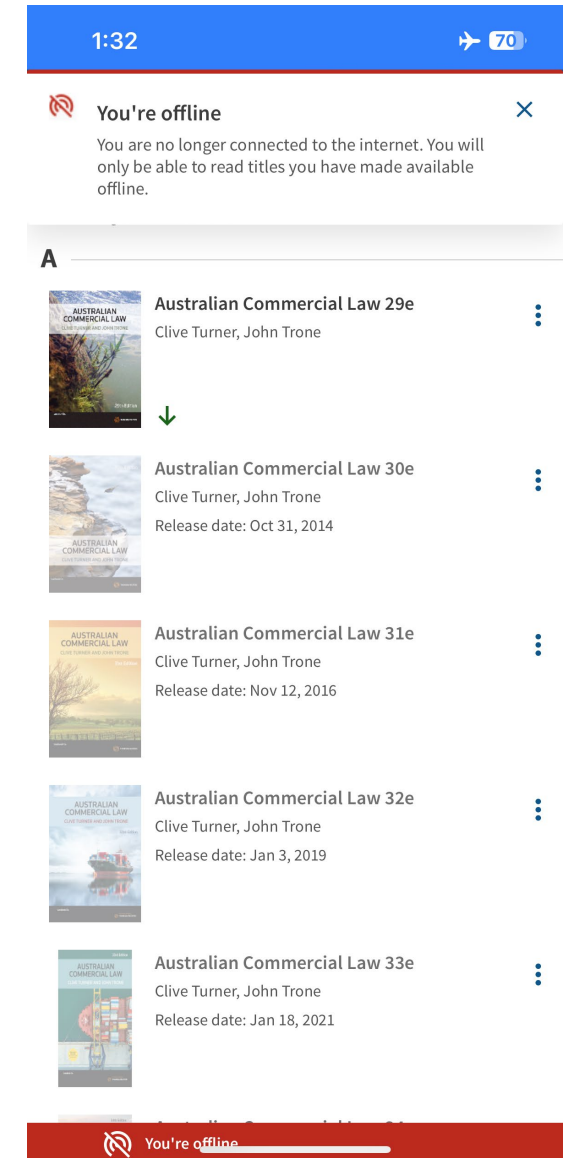

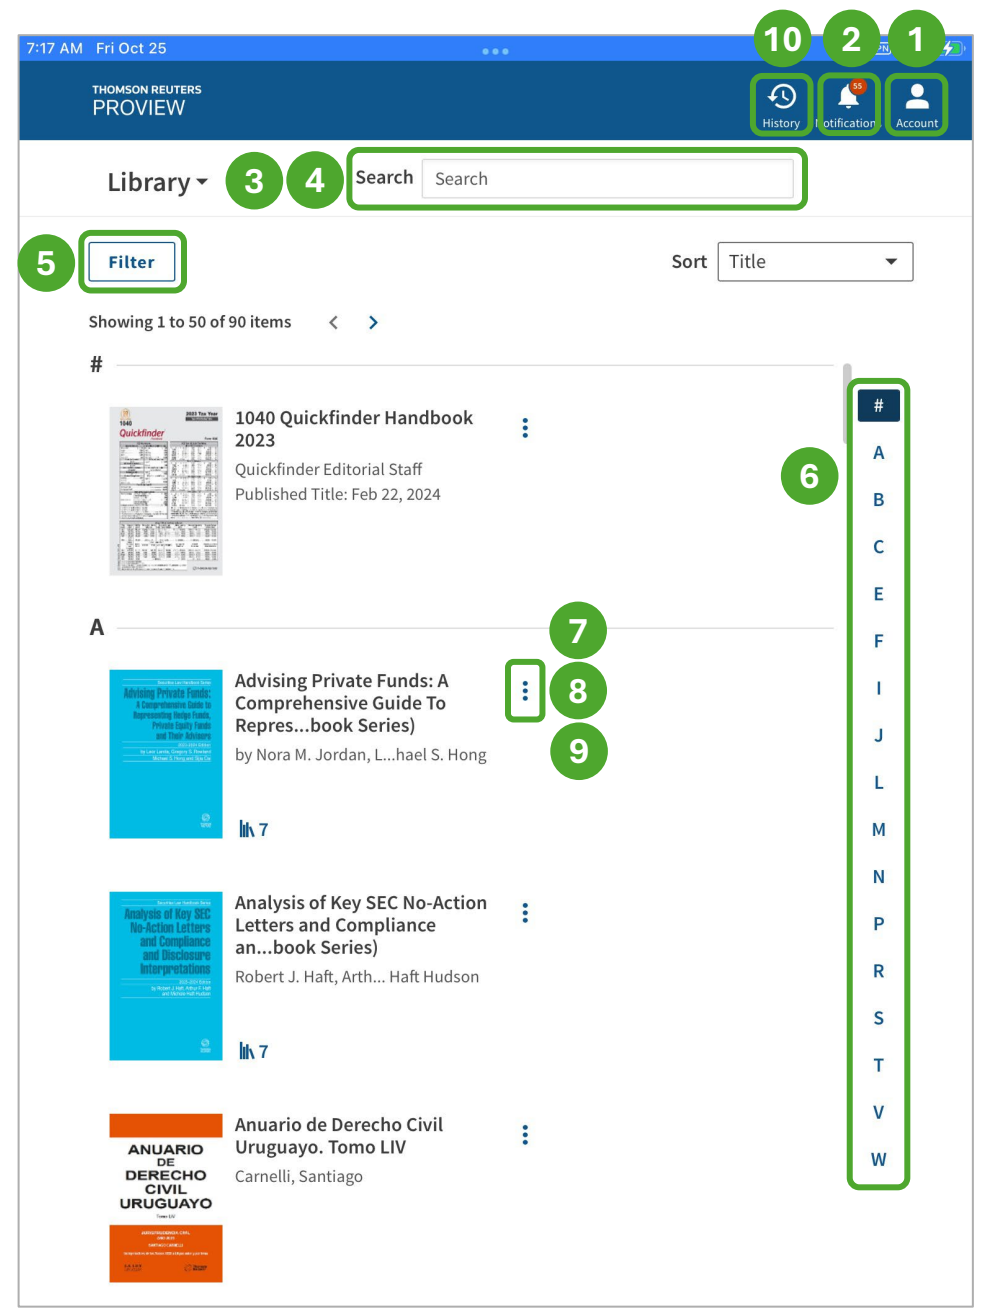

Quick Access Tip: Using Titles Offline

1. Before going offline, log into ProView using the shortcut created from the previous page

2. Sign into ProView web app with your existing OnePass username and password

3. Navigate to the title you will need access to offline

4. Click on the 3 dots next to the title and select download title

5. You will be prompted to create a password for offline use.

6. When offline, click on your ProView icon on your homepage to open ProView

7. eBooks that are available for offline use will have a green downward arrow and will not be shaded out.

8. Note – do not clear browser files as this will remove the downloaded title
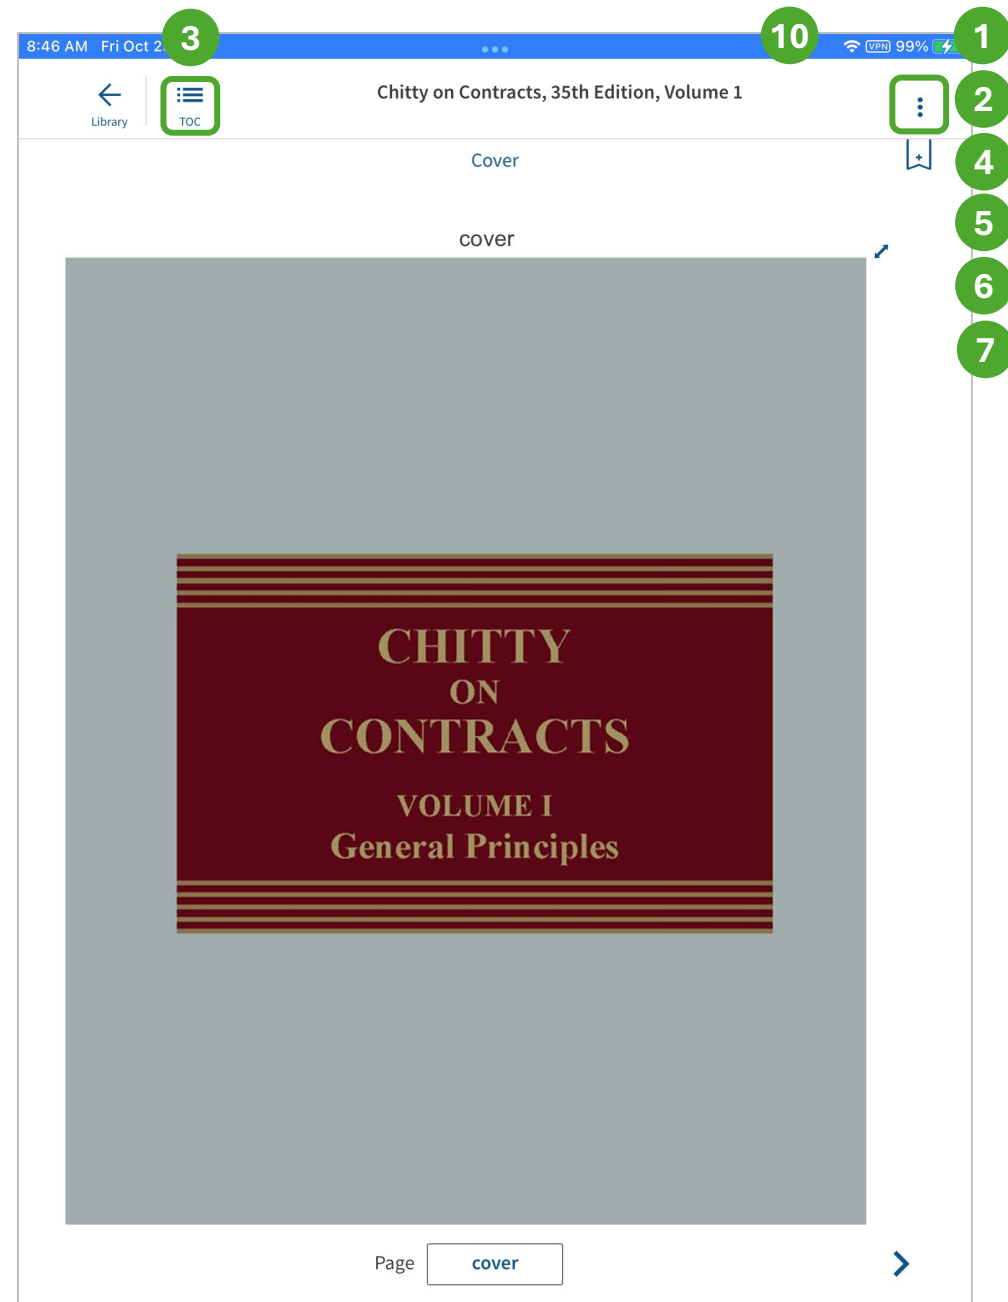

Tablet Library View
