

Enhancements to Westlaw Precision Australia

Secondary sources, and Government & Regulatory materials

AI-Assisted Research Enhancements

This webinar explains and demonstrates the recently released enhancements to the AI-Assisted Research tool. This includes the addition of Australian Taxation Office and the Australian Securities and Investments Commission content to the AI tool. Secondary sources have also been appended to the results.

In this session we will cover the following:

- How AI-Assisted Research will jumpstart your legal research with quicker search results.
- Additional new materials that have been added to our AI tool from the Australian Taxation Office, and the Australian Securities and Investments Commission.
- The addition of Secondary sources:
 - What materials are included and excluded, and why.
 - How these will not form part of the AI response, and why.
 - I will also demonstrate how they will appear in your AI queries.
- Best practice tips for crafting your queries, including the Jurisdiction button.

Session Duration

30 minutes.

Session Delivery Method

Online via Microsoft Teams. **Note:** The Webinar session allows participants to view the trainer's computer screen. At no time does the trainer access your computer.
