

CoCounsel Workflow

Course Description

Join our CoCounsel Workflow webinar to explore a legal workflow and learn best practice tips for effective prompting and core skills. Gain insights through real-world examples to optimise your workflows and enhance client service.

In this session we will cover the following:

- Demonstrating the use of CoCounsel within a workflow.
- Providing best practice tips for effective prompting with CoCounsel.
- Showcasing core skills to maximize CoCounsel's capabilities.
- Offering support materials and live chat assistance for participants.

Session Duration

Approximately 30-minutes.

Session Delivery Method

Online via Microsoft Teams. **Note:** The Webinar session allows participants to view the facilitator's computer screen. At no time does the facilitator access your computer.

Learning Materials

Online help and support materials available

Training Specialist

The session will be conducted by an AI Training Specialist.
